

# Smartbox 1208 Dry Bulk Container

Ideal for dry bulk food or non-food, this food grade virgin HDPE euro size heavy duty Folding Large Container (FLC) saves space in your warehouse and during return transport, ultimately resulting in lower costs and a reduced carbon footprint. Its durable structure and skids ensure strength and stability throughout the supply chain. Designed for safe and easy handling while folding and unfolding, an ergonomic drop door on the long side of the container allows for easy picking.

## Hygienic

Plastic containers are non-porous and resistant to moisture, insects, fungi, acids, fats, solvents and odor. Our containers are inspected after every turn to make sure they meet our quality standards.

## Sustainable

Plastic containers are a sustainable solution because they can be reused for years, get recycled at the end of their service life and are then remanufactured into new containers.

## Built for Automation

Because plastic containers are molded, the sizes and weight are always consistent, causing zero disturbances in your automated material handling systems. Unfolding and folding can be done by only one operator.

# Features and specifications

## Characteristics

Colour	Ivory/Black
Lid	Included
Runners	2
Drop door	1
Material	HDPE
Foodgrade	Yes
ISPM-15 proof	Yes
Temperature range	-20°C/+40°C

## Dimensions

External	1200 x 800 x 805 mm
Internal	1120 x 720 x 660 mm
Folded	1200 x 800 x 298 mm
Weight	41 kg
Volume	565 l

## Loading capacity

Max static load	2500 kg
Max dynamic load	1500 kg
Max in rack load	500 kg

## Loading quantities

Units per trailer	264 units (297 without lid)
Stack	8 units (9 without lid)
