

CR3 1210 Industrial Size Food Grade Pallet

Tosca's strongest pallet, the industrial sized CR3, is a foodgrade virgin HDPE pallet with heavy-duty metal reinforcements and a Palgrip®-Anti-slip top deck. This pallet is ideal for high racking and automated processes for a multitude of industries. Featuring three runners, making the pallet easy to handle, the upper deck has rims and anti-slip stripes for safely stacking empty pallets and securing loads.

Hygienic

Plastic pallets are non-porous and resistant to moisture, insects, fungi, acids, fats, solvents and odor. Our pallets are inspected after every turn to make sure they meet our quality standards.

Sustainable

Ultra-durable pallets can be reused for years and outlast wood alternatives. At the end of their lifecycle, they get recycled and remanufactured into new pallets.

Built for Automation

Because plastic pallets are molded, the sizes and weight are always consistent, causing zero disturbances in your automated material handling systems.

Features and specifications

Characteristics

Colour	Blue
Runners	3
Rims	Yes - 5 mm
Anti-slip	Yes
Metal re-inforced	Yes
Material	HDPE
Foodgrade	Yes
ISPM-15 proof	Yes
Temperature range	-30°C/+40°C

Dimensions

External	1200 x 1000 x 160 mm
Weight	23/25,5 kg

Loading capacity

Max static load	7.500 kg
Max dynamic load	1.500 kg
Max in rack load	1.400 kg

Loading quantities

Units per trailer	390 units
Stack	15 units
